

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Department of Health Care Finance

Office of the Director

MAY 26 2010

Dear Beneficiary:

This letter is to inform you that the DC Department of Health Care Finance (DHCF) is taking action to end our agreement with Dynamic Visions to provide services to Medicaid beneficiaries. DHCF expects this agreement to end on July 19, 2010.

Our records indicate that you are currently receiving home health services from Dynamic Visions. In the event that the agreement with Dynamic Visions ends, you will need to select another home health provider for your services. Also, as has always been our policy, Medicaid beneficiaries can choose another provider at any time. Enclosed is a list of home health agencies that provide services to Medicaid beneficiaries that you can use to help you choose another provider should the agreement with Dynamic Visions end or should you decide to select another provider at any time.

Should you ever require help identifying a new home health provider or should you experience a disruption in services at any time, you may call the District's Health Care Ombudsman at 1-877-685-6391 or the District's Aging and Disabilities Resource Center at 1-877-919-2372.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Julie Hudman', with a long horizontal flourish extending to the right.

Julie Hudman, Ph.D.
Director
